

Preprocess_MrNa

MarsTool

- Tool got *updated*
 - Now it has a feature to rescale the heightmap
 - It uses the number of slices to rescale dimensions now
 - Better than rescaling in `opencv`

Link

- https://bitbucket.org/alkee_skia/mars-tool/issues/5/heightmap

Usage

```
marstool.exe heightmap -r E:\skia_projects\Facial-feature-detection-in-heightmaps\data\data_volume\1.2.392.200036.9116.2.6.1.37.2417546703.  
marstool.exe heightmap -o -r E:\skia_projects\Facial-feature-detection-in-heightmaps\data\data_volume\1.2.392.200036.9116.2.6.1.37.24175467
```
